"Be sure to check out your university's student government policies to apply for funding for travel and accommodation."

As a property of Women In Motorsports North America (WIMNA), this industry event brings together the most successful and influential people in motorsports to discuss issues and advance opportunities for a more diverse and inclusive environment to help grow the motorsports industry.

Industry leaders will again gather to continue the momentum created from the first Women With Drive Summit in Nashville, TN, and Women with Drive II – Driven by Mobil 1 at Charlotte Motor Speedway.

Each event has doubled and quickly become a must-attend event for those in the industry.

Attendees are open to industry executives, drivers, team members, OEMs, sponsors, racetrack representatives, and anyone working in the sport or wanting to learn more about opportunities in the sport.
